Confined Space Safety

Magnetic Coils & Sheets Protector

Description

The CableSafe Magnetic Coils & Sheets Protector is designed for professionals in steel transport who demand safety and efficiency. With its strong magnetic attachment, the protector instantly locks into place even before the strap is tightened. This reduces handling steps, minimizes the risk of injury, speeds up workflows, and ensures stable fixation with even pressure distribution. The result: safer operations, time savings, and reliable protection of both coils and surrounding materials.
